Notice dated 6th June 1916.

The Superintending Engineer, Cauvery Reservoir Works, intimates in his letter No. 264 (Camp), dated 21st May 1916, that during the coming high floods in July and August next a portion of the Yelwal-Hassan road with the Lakshmanatirtha bridge at Sagarkatte may come under submersion in the bed of the Cauvery Reservoir for a few days and that this portion of the road cannot be used by travellers from Mysore to Yedatore side and back.

The public are therefore warned of the inconvenience they will be put to by using the said portion of the road with the Lakshmanatirtha bridge at Sagarakatte during the coming floods. The Lakshmanatirtha bridge at Hunsur with the road from that place to Yedatore may be used instead of the Yelwal-Hassan road passing through Sagarakatte.
